Welcome To A.M. LEONARD'S GardenersEDGE

Giving you the upper hand on a green thumb™

Ready, Set, *Grow!*

Now that the holiday hustle and bustle is over, you can start planning for the next growing season. For heirloom tomatoes, cabbage and onions, or even unique geraniums and petunias that you won't find in the local store, now is the time to start them from seed. Many plants need an early start so that when the first frost date passes, you have big healthy plants ready to be transplanted, and ready to bloom.

Our Juwel Cold Frames (page 5) and Hobby Greenhouses (page 6) are ideal for getting the earliest start and for hardening off seedlings before you transition to the outside. Lighting, heat and good soil are everything when it comes to seed starting success. Our Jump Start Grow Lights (page 50) have been a customer favorite for years, and our tough heat mats (page 51) have been proven by greenhouse professionals. Pair that with fresh, fertile Wonder Soil (page 52) and the innovative Star Germination Tray (page 51), and you're on your way to your best season yet!

We've also added over 50 new items, including a complete Kitchen Herb Planter Kit (page 3) so you can harvest parsley, chives, basil and thyme from your windowsill. Start new plants from the clippings of an old favorite with the Cuttings Tubes Set (page 3). Our new Compost Tea Bags (page 2) are a safe, organic fertilizing solution to use in the home.

And don't forget about your feathered friends! Our enhanced birding section (pages 46-49) features over 15 new items that the birds are sure to appreciate. Turn the page and see!

Hurry, this special offer ends January 31, 2013. Just use your source code on the back cover when you order. Please note: The $99 minimum does not include gift certificates or shipping charges. This offer cannot be combined with any other offers.

Remember: Ground shipping starts as low as $6.99—see page 57 for details.

Root Pouch Degradable Plant Pots

It's great for indoor houseplants as well.

"Grow Bag" Alternative That's Better For The Environment!

From recycled natural fibers mixed with recycled plastic bottles otherwise destined for landfills, comes a lightweight, breathable fabric that is crafted into plant pots you can use in your garden, yard or home! These fabric pots are wonderful for plants–roots can cool in summer, and not suffocate from overwatering. The fabric material lets water permeate so there's sufficient drainage without holes in the pot. Plus, they're washable and reusable or just compost them when done. **As low as 36 cents a pot!** – See pg 54 for full line!

Takes up almost no space until you use it!!

No Measuring, No Special Equipment, No Waste—Just Fast, Easy Fertilizing!

The most convenient, fast and dose-controlled way to feed plants. Let it soak overnight, and apply topically to leaves and soil the following day. Ideal for indoor plants because there are NO harsh fertilizers to bring into your home. It's an all-natural fertilizer you can use around your family.

STBG **$9.99** – see pg 53

New Kitchen Herb Planter

Simply fill each section with included soil.

Add seeds, then water. It's that easy!

Keep Gardening Throughout the Winter Months and Have Fresh Herbs All Year Round!

Discover the joy of growing your own herbs right on your windowsill, balcony or patio! This 4 sectioned, sturdy metal herb planter comes complete with soil, seed, plant markers and planting guides. Kit contains parsley, chives, basil and thyme. The base of the planter is equipped with holes to avoid rotting of the roots and the cover is used as a tray to hold excess water. Ship wt 5 lb.

Individual 'Hothouses' Boost Tomato Growth in Spring

The Grow It Now! Plant Protector helps you be the first and last to harvest, and gives you bragging rights with your friends and neighbors. Protect your seedings, grown vegetables and flowers from heavy wind, frost and snow. Not only does it protect your plants but it also stimulates plant growth. It allows light to pass through freely with plenty of ventilation while retaining the needed heat for growth. The bottom of the polyethylene dome has four tabs for anchor pins (not included) to keep it securely in place. The option to open the top allows for easy watering access and better ventilation. It also has a cutout to run drip irrigation. You can even snap two protectors together to create a larger dome, making these the largest plant protectors on the market! This is especially useful in the fall to protect mature plants against the late season frosts. Simple to disassemble and clean at the end of the growing season. Plus, it folds flat for space-saving storage. When properly stored, these protectors will last for years. Sold in packs of 3.

Juwel Cold Frames — Get an Early Start to Harvest Carrots, Spinach, and Lettuce Sooner This Spring

Imagine harvesting fresh lettuce, spinach, radishes, carrots and other vegetables from your own garden weeks earlier than your neighbor. It's possible, if you grow your own vegetables in a cold frame. Juwel® cold frames are weather-resistant with polycarbonate double–skin panes and sturdy aluminum frames. They are UV–resistant and have a 10-year guarantee against yellowing of the panes.

A. Standard Juwel® Cold Frame 1000

2 windows, each with 2 adjustable windproof ventilators. 4.3 mm thick. 39.37inL x 35.43inW x 15.74inH. Ship wt 11 lb.

JWSCF Standard Cold Frame **$148.99**

B. Oversized Juwel® Cold Frame 1500

Gives you 66% more space than our standard cold frame plus the panes are almost TWICE as thick to keep plants warmer. 3 windows, 2 adjustable windproof ventilators per window, 8 mm thick. Dimensions: 59inL x 31.5inW x 19.68inH. Now includes one automatic ventilator! Ship wt 25 lb.

JWBIO Oversized Cold Frame **$387.99**

"Started growing veggies 2 years ago... now it's a big production in our yard. My favorite thing about the Garden Hod is that when full of freshly picked vegetables, you can **hose them down while outside**. No more dirt or plant parts in the kitchen sink. The veggies come into the house cleaned off and ready to cook!" – Vicki R., MI

"If you've been carrying your vegetables and flowers in buckets and wishing you had a nice garden hod instead, you have to have this garden hod. I wanted one for the longest time and kept putting it off and this one is the best of the best. Incredibly well made, I love the coated wire that allows me to **rinse the vegetables before I bring them into the house**. There is absolutely no way this wonderful hod will ever fall apart. And this winter it sits on a shelf in my kitchen with my garden gloves, still looking as nice as the day I bought it and waiting patiently for Spring!" – Lynn B., NE

★★★★★ *"We used these tools during a Sierra Club service outing at Pt. Reyes last year and I was stunned at how effective they were for chopping roots and pulling ice plant off the hillsides in sandy soil. We didn't have the tiller piece, but the digger and pick worked like a charm. My very own set is on the way and I can't wait to use them all in my gardens." – Nonsensely, OH*

Enjoy the comfort and balance!

★★★★★ *"Great tool [86403] for smaller women because of the weight and size of the handle. I bought this product to help my daughter in the garden. I can move quickly with this tool because of the design of the spade and lightweight body. Great tool for women who spend time in gardens and flower beds." – Linda, PA*

PROHOE Rogue Hoes —Choose Your Weapon!

NEW!

The PROHOE Rogue Hoe line are professional quality tools built from recycled agricultural disc blades. The tempered steel is the best steel for the job– resulting in tools that are extremely durable with long lasting sharp edges. The grinding, welding, and sharpening are all done professionally by hand to ensure each piece is crafted with the highest quality.

★★★★★ *"I love this hoe (#70F). It's the best I've ever owned. I have a small organic, minimal till farm, so I do a lot of hand hoeing. It's sharp - cuts the thistles, and other heavy weeds easily, but I can still hoe the smaller, delicate weeds coming up around my transplants. It's so sturdy and heavy that I can let the hoe do the work - not my back." – J. McCain, OR*

E. PROHOE 7 Inch Field Hoe — The heavyweight of the line. 7 inch wide cutting blade breaks up sod, cultivates and clears waste trees up to 1 inch diameter. To hold up to heavy use, the socket and blade are welded together, then riveted through the handle for a strong connection. 60 inch handle length. Ship wt 4.1 lb.

70F 7in Field Hoe **$32.99**

F. PROHOE 7 Inch Garden Hoe — The original. 7 inch wide cut head, sharpened on all three sides for work in wide as well as tight areas. Just turn up on its side for tight spots. Very effective for cutting and moving dirt. Hefty 1-3/8 inch diameter, 60 inch handle. Ship wt 3.3 lb.

70G 7in Garden Hoe **$31.99**

G. PROHOE 5-1/2 Inch Garden Hoe — An all–purpose hoe and a favorite by users wanting a quality tool, but without the weight. Three sided, sharpened blade. Weighs just over two pounds which makes it light and easy to handle. 1-1/4 inch diameter, 60 inch handle. Ship wt 2.3 lb.

575G 5-1/2in Garden Hoe **$31.99**

H. PROHOE 6 Inch Scuffle Hoe — Three sided blade, very sharp for smooth cutting in both directions. The scuffle hoe's push/pull motion allows weeding under branching plants where common hoes can't effectively reach. Ship wt 2.5 lb.

60S 6in Scuffle Hoe **$31.99**

This Floral Shovel's Smaller Blade Makes Dividing Perennials and Digging Holes Easier

Take the Guesswork Out of Knowing What Your Favorite Plant Needs

The digital 3-way soil analyzer is an easy and convenient way to get proper readings for pH, fertility and temperature. With just a simple push of a button, you have the information you need for optimal plant growth. The analyzer's easy-to-read fertility meter shows the combined levels of nitrogen, phosphorus and potash (NPK) to determine proper health, growth and productivity for your plants. Corded probe for easy handling. Batteries included. Ship wt .5 lb.

Before You Plant, Make Sure that Spot gets Enough Sun, and Has the Right pH!

Be a know–it–all! Handy tool measures accurate pH, moisture, fertilizer and light conditions every time. Shows pH levels from 0-9. Provides the percentage of moisture in your soil. Lets you know when fertilizer levels are too high or too low. Identifies light levels to help you find the perfect spot for shade, part shade, and sun plantings. Easily switches functions. Simply insert into soil and flip the lever to the reading you want to take.

How the meter works: The pH meter works by using different metals in the probes. When they are inserted in damp soil, the different metals react with each other to create an electrical current. The meter measures the electric current, and that's how it reads the soil pH. Like many metals exposed to dampness, over time, the metal on the right probe has a tendency to oxidize, which puts a coating on the probe, and prevents it from correctly working. That's why a cleaning pad is included. It is specifically designed to clean this probe. **Tip:** Make sure you clean the probe, moisten the soil and wet the probes before using each time. "I have to admit I was skeptical about a hat made partly of paper; could it possibly hold up? Well, I have sweat through it, left it out in the rain, bunched it up and stored it over the winter and crammed it into my gardening bucket and it STILL looks, and more importantly, WORKS great. The leather cord is sturdy and holds it in place perfectly. I heartily recommend this hat." – Jo, VA

"45 & look 35 because I ALWAYS wear a hat in the sun! I like the color first of all... I wear it on the beach & at the lake to keep the sun off my face. It's been through a couple of summers and still looks new... The fit is great and the brim is sturdy but not too stiff. I can even put it in my suitcase and it looks fine when I reach my destination."

Lithium battery powered tools run 50% longer than NiCad:

plenty of time to finish the job!

Lithium battery powered tools offer the same cordless convenience of our NiCad battery–operated tools plus much more!

- Quick 1-hour charge provides you with more charge/discharge cycles in a shorter time frame.
- 50% longer run time over NiCad batteries.
- Fade free–performance! Lithium batteries discharge consistently without power fade. You'll have the same power when you start working until the battery fully discharges, unlike NiCad batteries whose charge fades through use.
- Lighter weight provides greater comfort over longer periods of use.

A. A Handy Chain Saw for Around–the–Yard Cleanup

Customer Favorite!

You won't find a better cordless chain saw for quick clean ups. Engineered to be easy to use with an automatic oiler system for the chain and motor, plus a quick view oil level window so you can monitor exactly how much oil you have. 18 Volt, 1.5 AH lithium battery included, 30 minute average runtime. Ship wt 10 lb.

EWLCS Earthwise Lithium Chain Saw **$169.99**

★★★★★ *"I bought this saw last fall and have used it to cut some good material (up to the full length of the blade). I've been amazed with both the torque of the motor and the performance of the battery. As claimed in the ads, the battery maintains very constant output until it reaches the point of exhaustion and then recharges quickly. The oiler has also worked well. I had previously purchased a cordless saw with a NiCad and was not happy with its performance. I bought the new saw because of the Li battery and the hope it would be able to meet my needs. It has exceeded my expectations." – David W, NC*

★★★★ *"I find this product very useful when trimming bushes. Makes clean up quicker and easier. I was getting fed up picking up the cut leaves from my bushes in amongst the mulch. This is light weight, lies flat under the bushes and folds when not in use for easy storage. Good product." – Jackie, PA*

★★★★ *"Light weight, yet very sturdy, easy to handle when full of garden clippings and lawn debris. I keep it with me when doing container gardening as well. Catches any spilled soil or clippings making work area clean up easy. I also use it when cleaning our fireplace. I have a few of them. Can't recommend it enough!" – Anonymous., NJ*

After you plant a tree, dirt cleanup takes mere seconds. No more messy loose dirt in the grass.

You'll be amazed at what such a light pair of shears can do!

Super–Light Shear

These are the right choice when you have a big clipping job on your hands. Because these shears weigh a mere pound, you won't have to worry about the fatigue you may experience with heavier shears, and the 6-3/4in nickel–coated carbon steel blades stay sharp! The curved handles and shock absorbers also help reduce fatigue. Precision cutting and comfort—that's a combination everyone needs for a job well done. Ship wt 1.5 lb.

ARS8R Super–Light Shear **$69.99**

★★★★★ *"This product performs exactly as advertised. It is light weight yet very powerful and cuts with great precision. It is so much easier to handle and requires much less exertion than conventional shears. A friend who is a professional gardener recommended this product to me, for which I am very grateful. I have lots of hedge to maintain by hand. This product has made it much easier and more convenient." – Al M., PA*

Cleanup in seconds! Don't Sweep or Hose Out Your Truck Bed - Just Cinch Up the Mess and Take it Away!

Anyone who has ever purchased a yard of mulch knows how it gets into every nook and cranny of your truck bed, making it almost impossible to clean out without a broom and a hose – and that tedious cleanup takes a lot of time! But with the new BedBag™, cleanup is done in just a few seconds!

Simply place the BedBag™ in your truck bed and fill with dirt, mulch, leaves or other debris. BedBag™ wraps over the sides of your truck bed, providing a level of protection against scratches from materials being loaded or unloaded. Once your truck is loaded, simply cinch down the draw string of your BedBag™ and the contents are ready for transport. Materials are kept dry and secure from the wind and rain while on the road or overnight. BedBag™ prevents staining of spray-on type liners. Other advantages include reducing scratches, keeping loads clean, quick clean up, as well as improved resale by reducing wear and tear of your bed or fixed liner. Keep one conveniently stored in the cab for when you need it. Fits standard truck beds: 101-1/4" L x 74" W x 50" D. One bag. Ship wt 2 lb.

1-2-3: Shreds Branches for Quick Composting

Heavy duty leaf and branch chipper turns yard waste into valuable mulch with its powerful 2.5 horsepower, 14-amp electric chipper/shredder. You'll quickly turn small branches (up to 1-3/8in diameter) and leaves into valuable mulch for your garden. Creates fine particles that are ideal for quick composting. Compact design for easy storage. All steel construction except intake hopper and exhaust chute; has the largest motor in its class. **No overweight shipping charge!**

ES1600 Electric Chipper/Shredder; Ship wt 75 lb. **$319.95**

An Edge for You

It just doesn't make sense. So many of your neighbors will work hard to bag up their leaves and dead branches and leave them at the curb for the garbage truck to carry away. And then next spring, they'll have a load of mulch dumped on their driveway, or go to the local store and buy big bags of soil amendments for their gardens.

Be smarter! Either shredder is a smart investment that pays back year after year. Reclaim those nutrients from dead branches and leaves. It's so much fun you might even "steal" your neighbors' yard waste.

For leaves AND branches!
Patented top hopper design for convenient loading of materials
3 cycles for shredding, mulching & chipping
2 hardened steel blades handle branches up to 1-3/8in diameter.

Rake and Bag Leaves in HALF the TIME! Pick Up 10 Times More Leaves than You Can by Hand!

It's like having two rakes attached to your hands.
The large, oversize claws will pick up more leaves than a person ever could by hand. Not only do they allow you to grab a huge pile of leaves in one go, the rake head makes it easy to gather up those stray leaves at the bottom of the pile that frustrate all of us. The Leaf Claws have serious grabbing power and will reduce your leaf bagging time by 50% or more! Use for leaves, grass clippings, twigs, sticks, pine straw, pine cones, hedge clippings, and other yard debris. Ship wt 2 lb.

Gardeners Share

"Oh my, I LOVE these tubs... I can honestly say that they have been so useful for everything in my garden. I use the largest one for making my potting soil, the smallest one for filling with the soil and putting on the bench for repotting plants. Each one serves a purpose. Won't let my husband have them, he thought the large one would be great for beer and ice for parties... nope, he can't use them. So now with these tubs and my soil knife I'm a 'happy gardener'. They are a great investment, light and easy to carry."
– Ms. Sam, CO

"Great trug! This one does not crack, yaw or hurt your hands when you carry 'stuff' in it. Sturdy yet flexible." – N. Burns, VA

★★★★★ *"Good idea. I seem to generate many scraps for composting. This really helps keep the mess to a minimum and is so easy to carry to the composter. I wish I had bought it many years before I did." – Joanne H., Master Gardener, Tennessee*

★★★★★ *"This was a gift for my mother and she absolutely loves it. She had previously used a coffee can and things would be messy and smelly. She now has this, the filters and the bags (compostable as well — awesome) and it works well. My daughter saw it and she would like one — great idea for Christmas. I may also be getting one as well." – DJ, NY*

★★★★★ *"Beautiful Addition to the Kitchen. I was tired of going out to the compost pile EVERY DAY. Here was a product that was not only good looking (plus RED... color of all my kitchen appliances) but would hold almost a week's worth of scraps. And no smell! Love it." – Randy, IN*

The Worm Factory®

Make Rich Compost Without Having to Carry Scraps Outside, And Kids Love Watching the Worms! –

This multi–tray worm composter speeds up the composting process as worms add nutrient–rich castings to mix. Fill each stacking tray with food scraps, mail and other household and garden waste. Worms start at the bottom and migrate up as they turn waste into compost. Just pull your finished compost from the lower trays. Creates nutrient–rich fertilizer for houseplants and gardens. The moisture captured in the bottom compartment is also a fantastic liquid fertilizer known as "worm tea." Complete instructions for easy setup and management of an odorless bin year 'round, indoors or out. Includes shredded paper. **For color choose terra cotta (TC), black (8B) or green (7G).**

Odor–free! Keep it right in the kitchen.
8,000 to 12,000 worms can process 5-8 lbs. of food per week.
Each tray filters fine particles.
Food scraps and old mail become rich compost.

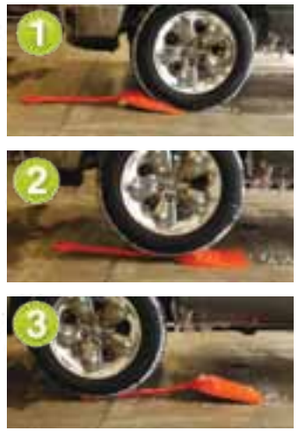
Beat the hassle of winter cleanup with these essential items!



Tough enough for whatever winter dishes out! Out in the bitter cold, we drove over this shovel and it was still ready to use afterwards!

From Clearing Snow to Landscaping and Unloading Pickup Trucks, This Scoop is Up to the Task!

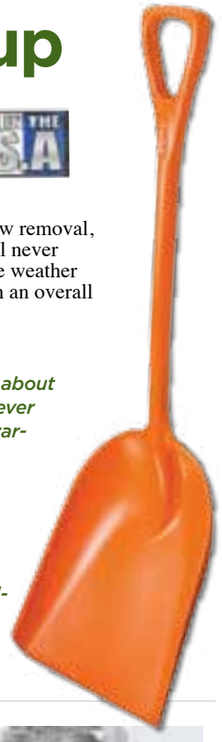
A true multi-purpose shovel for all weather! Its non-stick surface is great for snow removal, scooping mulch, and even gravel. One-piece molded poly construction means it will never rust, rot, or break. The D-grip handle offers good leverage, too. Holds up to extreme weather conditions as well. Safe to use on any surface. A large 14-inch x 17-inch blade, with an overall 42-inch (3.5 foot) length. **Lifetime warranty.** Weighs 4 lb.

AP140 Leonard Poly Scoop Shovel **$37.99**

★★★★★ *"I ran over my old shovel... When I saw the ad in your catalog about how tough this shovel was, I bought two!!!... This shovel is by far the best I've ever used. Thank you for such a tough, strong shovel, not to mention the lifetime warranty." – Elizabeth S., MD*

★★★★★ *"Shovel has been fantastic. I bought 6 over a year ago and all 6 are still in use and still going strong. Survived pavement, woodchips, icy snowbanks, and being run over. Highly recommend!" – Cedarlawn Tree, MA*

★★★★★ *"This shovel is very light weight and very durable and the bright orange color makes it very visible and easy to locate. Even while shoveling snow in almost zero degree weather it did not chip or crack. The cutting edge is self sharpening and wears very well even on cement floors and walk ways. I highly recommend this shovel." – Christmas Tree Farmer, IA*



Leonard Poly Snow Pusher

All new high performance snow pusher from A.M. Leonard. We've combined features to provide a great snow pusher at a great price. Continuous blade front rolls more snow forward during use and also provides maximum capacity for removal of deep snow. Reinforcement ribs on back of blade provide the strength needed when cutting through to the surface. This feature also allows for a low profile front eliminating chances of sticking snow. Blade: 24" x 11". Overall length: 50".

3 Foot Wide Snow Pusher for Fast and Easy Clearing!

Delivers a wide 3 foot swath to drastically cut down on your shoveling time. Saves your lower back as you can push the snow AND NOT lift and throw it. Snowcaster Snowblade clears paths quickly. Simple design allows you to remove snow while keeping your body in an upright, walking position. Instead of relying on the strength of your lower back, you use your body weight, legs, and arms. Work smarter, not harder by managing your snow accumulation. Stores easily and out of the way. **3 foot wide blade, 45 inch handle, 6 inch wheels.**

SC1136 Snowcaster Snowblade **$89.99**

Unique Feature: Snowcaster's blade pivots left-to-right, up to 180° so you can channel snow in the same direction — for more efficient snow removal!

★★★★★ *"The rake worked very well for removing the twelve inches of snow on my cabin roof. Money well spent. Thank you." – Customer, OH*

Keep Heavy Snow from Damaging Your Roof and Gutters!

This ultra-light rake eliminates tough snow removal jobs fast. Big 4-5/8in x 22in wide blade with solid aluminum braces is riveted for extra strength. 5in vinyl grip. Includes a 16 foot extending, aircraft-strong aluminum three-piece handle. The top section of the handle (about 3 feet) is slightly curved so you can get the right angle on your roof to move snow. The middle handle section is about 7 feet long, and the top section locks into it. Then the middle section slides into the bottom handle section which is also about 7 feet long, and then extends and locks for a total length of 16 feet.

SRAK Roof Rake; Ship wt 6 lb **$44.99**
SREH 66" Extension Handle; Ship wt 1 lb **$12.99**

Although the aluminum snow rake has a non-gouging round edge design, adding the shingle guard will ensure you prevent any damage to asphalt shingles, metal roofs, and greenhouse coverings.

96701 Shingle Guard **$5.99**

★★★★★ *"This product moves significant amount of snow very efficiently because of the 30 inch width. Once you master tilting the plow down to skim off upper layers of snow, you will find that this will handle significant snow falls. This uses a wedge under the front edge. Does not require any lifting." – J. Marttila, MN*

Spend Less Time Clearing Snow with This Snow Pusher Especially Designed for DEEP SNOW!

This oversized snow pusher is designed to clear areas fast and is built tough for years of service. Patented EZ Glide Edge will not scratch or gouge sensitive surfaces (such as wood or composite decking). During heavy snowfall, the EZ Glide Edge eliminates nearly all friction and allows you to remove manageable layers by guiding the angle of the 2-3/4 inch wide edge to cut a layer at a time. Features a 30-inch wide poly blade and a lightweight aluminum U-handle.

A pet-friendly snow & ice preventative that will keep your walkways safe and clear!

Gardeners Share

Scraping ice from the sidewalk or driveway is so strenuous and hazardous, often with little success to show. Freezing rain can seem hopeless, but not with Bare Ground! When you spray Bare Ground, it acts like a Teflon coating to prevent snow and ice from sticking (up to 2 inches!).

Worried about what all that salt can do to your pets in winter, and to your plants next spring? Bare Ground is harmless to pets, wild animals and plants. There's no salt concentration issues that could hurt your plants once spring sets in. Bare Ground makes ice and snow cleanup faster and safer for you, and safer for plants and pets you care about!

It's almost like a Teflon coating for your driveways, sidewalks and steps! Bare Ground prevents snow and ice from bonding to the surface — for up to 10 days after spraying!

Stop Freezing Rain & Snow Buildup Before It Forms

Ice in the driveway and on the sidewalks takes so much work to clean off! Next time, spray to stop snow or ice from sticking! **A single spray lasts up to 10 days, and has 8 times the coverage of salts.** Apply as an anti-snow solution before snow falls to stop the accumulation of up to 2 inches of snow and ice. Bare Ground has been extensively tested and used by the Department of Transportation and Public Works in many snow states throughout the country. Environmentally safe and biodegradable, harmless to pets and livestock and safe for roofs and eaves, one gallon is equivalent to 50 pounds of salt or pellets and covers about 1,100 square feet. Dilute with 50% water to protect delicate shrubs and trees, effective to 20 degrees below zero.

BGS1 – 1 gallon (covers up to 1,100 sq ft); Ship wt 11 lb **$18.99**
BGS5 – 5 gallon (covers up to 5,500 sq ft); Ship wt 46 lb **$69.99**

Salt-Free! Bare Ground is safe for family pets, as well as plants.

★★★★★ *"A wonderful product! Here in the northeast, we are having a lot of snow (and ice). I applied this product and it really worked. My front walk stays clear, and falling snow can be brushed off with a broom." – Mary, CT*

★★★★ *"Been using this product for 3 years and have been very satisfied with it. Spray before ice forms, and it makes it easier to remove the ice with a shovel. Ice will not stick to cement. Use a pesticide sprayer tank to apply. Works great." – Laurie, IL*

Star HortiBlock Germination Tray

Over the years, we've planted and experimented with more than our fair share of various mini-greenhouses and seedling starter kits. This is the one model we all agreed is a winner; in fact, it's the same product that's been used by professionals for decades. All you'll need to add is the growing medium (and the WonderSoil wafers, #WSSWP on page 52 are ideal!).

Several unique features make this kit a winner:

- High-tech styrofoam tray is designed with a smooth, high-density surface that does not allow roots to penetrate; that makes seedling removal stress-free for you AND the seedlings! Plus, the cavities are engineered for vigorous downward root movement.
- The tray floats on water for even hydration for the seedlings. Unlike trays that use capillary action, the Pro Hot House enables optimal water intake by the seedlings, and there is NO matting of roots to any surface! This floating technology has been proven successful by the commercial industry for over 30 years!
- The SmartFit lid snugly fits into the bottom tray to conserve any condensation. Any moisture that collects on the lid simply trickles back into the water reservoir instead of making a mess on the shelf.
- The vented tray provides an ideal air-to-water ratio. Small holes enable appropriate air transfer to ensure proper humidity, and minimize likelihood of damping off and fungal diseases. Plus, if you use the Wonder Soil wafers (page 52), you'll be planting in a soilless medium free from soilborne diseases and fungus gnats!

This is not a cheap disposable system; you'll use this hothouse year after year to grow healthy seedlings for your garden. Each tray has room for 40 seedlings. Ship wt. 2.5 lb.

Hydrofarm™ Seedling Heat Mats

Designed for better performance and greater durability. The new stronger heating wire, and thicker multilayer construction (50% thicker!) offer more uniform heating and the durability to withstand rugged greenhouse environments so they're tough enough for your home! The layers are heat-bonded (not glued!) to stay sealed year after year. By providing bottom heat (up to 20°F above ambient air temperature), you'll increase the germination rate and success of your seedlings and cuttings. Each mat has a handy seed germination guide for many popular flowers and vegetables.

An Edge for You

This year, plant seeds with your children or grandchildren. They will get a kick out of "growing" their own soil. Plus, Wonder Soil is a back-saving alternative to lugging around those heavy bags of potting soil, and much less messy than dealing with the half-opened bags when you're done planting. Also, with WonderSoil, your seedlings start off in a soilless medium so no soil-borne diseases or fungus gnat eggs are transmitted! Plus, it's packed with nutrients and with polymers that release water as the seedlings need it.

★★★★★ *"I like how it saves space and weight. It makes it easy to store and move to where you need it. It's great for pots and planters. Just mix what you need and store the rest in a dry place." – J.T. Wilkins*

★★★★★ *"Have been using it to transplant seedlings in the garden and it is the very best to prevent transplant shock: there is none when you use it around the plant and transplant late afternoon! It is a truly great product used this way." – Kim, HI*

Why lug heavy bags of potting soil around? Instead, WonderSoil is excellent for seed starting indoors!

"Everything a Cart Should Be. Easy to assemble; sturdy; works great for my 82 year old Mother In Law."
– Tim, OH

"Love my little orange scooter. It is sturdy and fairly easy to scoot around on between my raised beds & rows of corn, etc. It is just the right size & really saves my back whether I am planting or weeding. Also the little basket at the back & shelf under the seat are good for putting tools, plants, etc."
– Kathy, AZ

"I bought this item last summer. I have knee problems preventing me from kneeling down. I was able to sit and do all my gardening with ease. I rolled along my flower beds to plant and weed. I also like the basket on the back and the shelf underneath to keep my tools close at hand. Looking forward to using it again this next summer. I recommended to a friend who also bought it and loves it."
– Kathy, beginning gardener at 59, WY

"I found this Garden Scooter to be just what I needed! I have had problems with my back and knees for years, and thought things like gardening and motorcycle maintenance would be too much for me to do. This scooter is a blessing! I am able to sit down close enough to plant and weed my new raised bed garden, as well as wash and wax my motorcycle from top to bottom. The wheels on this scooter make both chores far easier on me than I thought possible... The under-seat tray as well as the wire basket, allow me to keep all of the necessary tools that I may need together in one place."
– John S., CT

Experienced gardeners appreciate the power to scoot through garden rows and raised beds!

A unique 30" long handle at a comfortable height for pulling behind you.
The contoured tractor seat swivels 360°, and raises and lowers to the right height for you.
